6 th Grade	Certificate of Child Health Examination IDPH Proof of School Dental Exam
7 th Grade	No additional requirements if up-to-date
8 th Grade	No additional requirements if up-to-date

Health Examination

Health examinations for all public, private/independent and parochial school students in Illinois shall require a physical examination. Lead screening is required as part of the health examination.

Eye Examination

Illinois law requires that proof of an eye examination by an optometrist or physician (such as an ophthalmologist) who provides eye examinations be submitted to the school no later than October 15 of the year the child is first enrolled or as required by the school for other children. The examination must be completed within one year prior to the first day of the school year the child enters the Illinois school system for the first time. The parent of any child who is unable to obtain an examination must submit a waiver form to the school.

Dental Examination

All Illinois children in kindergarten, Grade 2, and Grade 6 are required to have an oral health examination. This is required for all public, private, and parochial schools. Examinations must be performed by a licensed dentist, and he/she must sign the Proof of School Dental Examination form. Each child is required to present proof of examination by a dentist prior to May 15 of the school year.
